PURPOSE

To ensure that all excursions and incursions undertaken by the Service are planned and conducted in a safe manner ensuring children's wellbeing is maintained at all times in accordance with national legislation. We believe excursions/incursions provide the children with the opportunity to expand and enhance their skills and knowledge gaining insight into their local community.

SCOPE

This policy applies to children, families, staff, management and visitors of the Service.

IMPLEMENTATION

Excursions will be conducted with the children's safety and wellbeing in mind at all times. We will regularly schedule incursions and visitors to our Service, however, if we feel an excursion will benefit the children we will adhere to the National Regulations and Service policies and procedures.

Excursion Risk Assessment

- Management must conduct a risk assessment which reflects national regulation 101 before an authorisation is required under regulation 102 to determine the safety and appropriateness of the excursion.
- The Service will use an Excursion Risk Assessment
- The Service will notify families about the excursion using an Authorisation for Excursion
- Families have a right to view the risk assessment prior to the excursion upon request in which the Service must comply with ensuring all information is available.
- A risk assessment must
 1. Identify and assess risks that the excursion may pose to the safety, health and wellbeing of any child being taken on the excursion
 2. Specify how the identified risks will be managed and minimised
 3. Consider the proposed route and destination for the excursion and any water hazards
 4. Reflect on any risks associated with water-based activities
 5. Contemplate the transport to and from the proposed destination for the excursion
 6. Consider the ratio of adults to children involved in the excursion
 7. Consider the risks posed by the excursion, the number of educators or other responsible adults that is appropriate to provide supervision and whether any adults with specialised skills are required (for example: life-saving skills)
 8. Consider the planned activities
 9. Determine the duration of the excursion
 10. Consider items that should be taken on the excursion (mobile phone, emergency contacts, first aid kit, medical plans etc)

Parent Authorisation

- The Nominated Supervisor must ensure that a child is not taken outside the Service premises on an excursion unless written authorisation has been provided under sub regulation (4)
- The authorisation must be given by a parent or other authorised person named in the child's enrolment record
- The authorisation form must state
 1. The child's name
 2. The reason the child is to be taken outside the premises;

3. The date the child is to be taken on the excursion (unless the authorisation is for a regular outing);
 4. A description of the proposed destination for the excursion;
 5. The method of transport to be used for the excursion;
 6. The proposed activities to be undertaken by the child during the excursion;
 7. The period the child will be away from the premises;
 8. The anticipated number of children likely to be attending the excursion;
 9. The anticipated ratio of educators attending the excursion to the anticipated number of children attending the excursion
 10. The anticipated number of staff members and any other adults who will accompany and supervise the children on the excursion;
 11. That a risk assessment has been prepared and is available at the Service.
- If the excursion is a regular outing, the authorisation is only required to be obtained once in a 12-month period.

Transportation for Excursion

- It is a requirement of the National Regulation that the means of transport is stated on the risk assessment record and parent authorisation record.
- The means of transport may mean:
 1. Bus
Management must ensure that the seating capacity as displayed on the compliance registration is not surpassed. All children must sit on seats. Seat belt guidelines must be followed depending on the bus. If the bus has seat belts, they must be worn at all times seated at all times.

Insurance

- Management must review their insurance policy prior the excursion to ensure liability is protected by the Service.
