

CLOSEST FIRE STATION

Address: 47 Collingwood St, Osborne Park WA 6017

Phone:(08) 9244 9577

Emergency Evacuation Policy

It is vital that if an emergency situation arises, it is handled effectively and with consideration for all involved. Supporting Educators and children with an emergency situation requires vigilant planning and consistent implementation.

Effective management of emergency situations provides an opportunity to help support and build on children's coping mechanisms and resilience.

National Quality Standards (NQS)

Quality Area 2: Children's Health and Safety	
2.1	Each Child's health is promoted
2.2	Healthy eating and physical activity are embedded in the program for children
2.3	Each child is protected

Education and Care Services National Regulations

Children (Education and Care Services) National Law NSW	
97	Policies and procedures in relation to emergency and evacuation
98	Emergency and evacuation procedures
168	Telephone or other communication equipment

PURPOSE

We aim to maintain the safety and wellbeing of each child, educator and individual using the service during an emergency or evacuation situation.

SCOPE

This policy applies to children, families, staff, management and visitors of the Service.

IMPLEMENTATION

We define an emergency as an unplanned, sudden or unexpected event or situation that requires immediate action to prevent harm, injury or illness to persons or damage to the Service's environment. It is a risk to an individual's health and safety. It is important that Services define emergencies that are specific to their environment.

We have a duty of care to provide all persons' with a safe and healthy environment. The National Quality Standard, Element 2.3.3 (Guide to the National Quality Standard, p. 78-79) encourages Services to effectively manage incidents and emergencies and to plan for these in consultation with relevant authorities.

Emergency evacuation plans should be practiced and reviewed frequently. Evacuation plans must be displayed in prominent positions near each exit and in the children's environment with a compliant floor plan for ease of reference.

Circumstances under which evacuation will occur are as follows:

- Fire within the building or playground and Fire in the surrounding area where the Service is in danger closest fire station to Mt Hawthorn Primary School is:
- Osborne Park Address: 47 Collingwood St, Osborne Park WA 6017 Phone:(08) 9244 9577

- Flood, Terrorist threat. Others may include: gas explosion, traffic accident or event which could render the building unsafe CALL:
000 for fire or life threatening emergencies
132 500 for SES emergency assistance
13 DFES (13 3337) for emergency information

Emergency and Evacuation Drills

- We will maintain an up-to-date and register of emergency telephone numbers that must be taken in an emergency or evacuation that is to be located in the emergency evacuation bag.
- Emergency telephone numbers will be displayed prominently throughout the Service in the kitchen, office.
- A record will be kept to ensure that all children participate in the emergency evacuation rehearsal at least 4 times per year during either BSC/ASC and once during each Vacation Care period.
- Educators will be nominated to take charge of the emergency and initiating the evacuation.
- The evacuation is to be timed during rehearsal for effectiveness.
- Notes on any areas that need improving or revising are to be documented in the Emergency Evacuation Rehearsal Record. Educators will discuss and implement strategies to improve these areas, which will be documented in the Service's Staff Meeting minutes and Quality Improvement Plan.
- In the event of limited Educators i.e. early morning or late afternoon, staff members are to work together to perform the duties above (the roster should support one Certified Supervisor being on premises at all times to take responsibility and delegating duties). This scenario will be discussed and documented in the Service's Staff Meeting Minutes.
- Inspecting, testing, and servicing fire extinguishers, blankets and other emergency equipment thoroughly is imperative to safety, and compliance to Australian regulations. The maintenance regime for the inspection and testing of fire extinguishers & hydrants is specified in the Australia Standard AS 1851 Maintenance of Fire Protection Systems and Equipment.
- All extinguishers have to be inspected yearly and if they don't have a pressure gauge, they may need to be weighed to check they are still full.
- The tests and intervals are to be recorded on a label or metal tag attached to the unit.
- The Nominated Supervisor is responsible for ensuring all educators, including relief educators and staff members, are responsive to our Emergency Evacuation Policy and procedure.

Review

Policy Review Date
September 2020

The CS of the day will allocate a staff member the role of raising the alarm with 3 long blasts followed by verbal instructions

Instruct children and staff to leave the building and assemble closest to the staff member that signaled the evacuation (if unsafe identify another area)

The CS will also assign a contact staff member the role of collecting the 'GO' bag & care for any ill or injured children

Staff inside collect tablet for sign in and out on way out

Last staff member/s to leave checks that no people remain inside and proceed to check the toilet

Staff holding the sign in/ out tablet will instruct the children to sit quietly and take the roll and the remaining staff will conduct head count

Contact relevant authorities or emergency services

Children and staff remain at assembly point until all clear or further instructions are given

Staff responsible for raising the alarm will write up the evaluation report which will be filled away in the Occupation Health and Safety file. The emergency evacuation report will be discussed in the next staff meeting.

Emergency procedures when a child and or staff member is in danger:

Injured child/staff member will be made as comfortable as possible:

- First aid to be administered
- Child/ren's parents will be contacted immediately
- The staff members next of kin will be contacted (see phone numbers in staff timesheet folder or office)

Staff will call 000 if need be

It is vital that if an emergency situation arises, it is handled effectively and with consideration for all involved.

Supporting Educators and children with an emergency situation requires vigilant planning and consistent implementation.

Effective management of emergency situations provides an opportunity to help support and build on children's coping mechanisms and resilience.
