PURPOSE

We aim to ensure the privacy of children and families are respected and maintained at times when Educators, Staff and students take photographs.

SCOPE

This policy applies to children, families, staff, management and visitors of the Service.

IMPLEMENTATION

The displaying of photos allows children to see themselves at play, are a topic of conversation for children and parents, allow families to see their child at play and convey the message to children that what they are doing is important. However, we do respect the rights of all children and families to privacy.

To ensure we are maintaining children's safety and respecting their right to privacy we will see that:

- Every child in our care is protected from the exploitation of photographic and video images of themselves taken whilst they attend the Service.
- That photographs taken by Educators support the children's learning and record children's individual progress.
- Photographs recorded at the Service as part of a normal day are taken using OSCAs iPhone and are only taken by Educators.
- Photographs/videos are taken to:
 - Support the learning of each child's individual record
 - Illustrate work on display around the Service's environment
- We will ensure that the children of parents/guardians who do not wish their child to be photographed or videoed are provided with other activities.
- At no time are staff permitted to bring in a camera from home.
- Families need to tick the appropriate box upon filling out the enrolment form:
 - I give / do not give permission for photos of my child participating in group activities to be displayed on OSCA's website and Instagram account
